SAVANNAH, July 1—COTTON.—At the close of our last weekly report we noticed a light stock on sale, and a firmbees on the part of holders.

The week under review has present d no noticeable change, other than in prices, the stock being reduced te so small a figure that tansactions have been limited to sales of but 50 to 100 bates per day.

The gradual advance in the Liverpool and New York markets has given holders here great confidence in the staple, and unless outside figures can be realized, they she won disposition to sell. We give the following quotations, based upon prices paid to-day: Liverpool middling 32%; low middling 31%; lowd of dinary 30%.

SEA ISLAND—Continues very quiet with only a few lots offering. The sules of the week are 4 bags at 580, and 4 bags at 550.
